

Silicone Specialty Toys

ShareVibe - Fun Factory FN450 \$161.40

SHAREVIBE is ideal for couples in search of an upscale strap-on or pegging toy. This German-made, silicone double dildo is the only toy of its kind with a strong 5-pattern rechargeable and removable vibrating BULLET incorporated into its base. As such, it lets a couple share vibrations during lovemaking. This CoupleTOY feels and looks just like an extension of the body; which allows using it to seem completely natural.

Available Options

Dark Violet - Nude - Pink

Stronic EINS Pulsator FN705 \$229.50

The STRONIC EINS is a pulsator, not a vibrator; the first of its kind to ever exist. Its rhythmic thrusting and back/forth movements are smooth and silent. Unlike other toys, this toy moves back and forth, not around, or side to side, and uses actual motions, not vibration. This is the dawn of a new era in the world of sex toys: pulsators are the new vibrators.

Available Options

Pink - Violet

Stronic DREI Pulsator FN715 \$229.50

STRONIC DREI is a pulsator, not a vibrator. It delivers thrusting motions (back and forth movements) as opposed to the buzz generated by vibrators. Stronic Drei is unisex (fit for anal or vaginal play.) it can be used hands free in a variety of positions because it's back and forth thrust motions keep it in place inside the user! This allows users to surrender control in a whole new way

Available Options

Blackberry - Turquoise

Bi Stronic Fusion FN751 \$269.90

Do you crave the feel of a lover's passionate thrust, the pulse of their fingers against your G-spot, their fingertips fluttering against your labia? Do you also love the overwhelming sensation of a super-strong vibrator? Expand your sexual universe with Bi STRONIC FUSION, the ground breaking new toy that thrusts, pulses, vibrates, flutters.

Available Options

Candy Rose - Indian Red - Violet

Feeldoe - Double Dong Vibe TS701 \$156.40

The Feeldoe by Tantus features a removable vibrator and is made of a harder material for more driving control. It's a completely unique patented toy, and it's only made by Tantus Silicone. 1.45 x 1.5 x 8.45 inches.

Feeldoe Slim-Double Dong Vibe TS702 \$145.80

The Feeldoe Slim by Tantus is easier to hold and control than the original; its 10% reduction in the shaft means less weight for the driver. 1.2 x 1.5 x 7.85 inches

Realdoe Feeldoe -Double Dong TS705 \$161.20

With all the features of the original Feeldoe®, the Realdoe® offers a new element of realism. The Realdoe is made from a new, slightly softer silicone that looks and feels like flesh

Realdoe SLIM - Tantus Feeldoe TS706 \$155.60

With all the basic features of the classic Realdoe®, the Realdoe® Slim offers the same element of realism for you and your partner in a slimmer and shorter form. The Realdoe® Slim is made from Tantus Ultra Premium silicone formulated to look and feel like flesh allowing you to focus on the experience, and not on the equipment.

Bend Over Beginner Kit TS901 \$107.20

The Bend Over Beginner Kit has two smooth Tantus Silicone dildos, 7/8 by 4 1/2 in., 1 1/4 by 5 1/2 in, a purple velvet harness, an O-ring that can be changed for play with larger dildos and a pocket built in that fits a Var. Speed Mic-Mini Vibe (incl).

Available Options
Black - Purple Haze

Minna OLA MN101 \$189.90

There's no single pattern for pleasure. OLA does what you tell it, when you tell it. Soft and steady or fast and strong, OLA meets your mood and lets you play by your own rules.

Welcome to control; welcome to your new main squeeze. OLA responds on demand to the direction it's given. The more pressure you apply to OLA's soft spot, the more intense the vibrations OLA supplies; let up, and it does, too. You set the mood, OLA responds in sync.

Available Options

Pink - Violet

Minna LIMON MN111 \$157.60

Limon is Minna's newest creation. It blends our revolutionary squeeze technology with the highest level of craftsmanship and design for a spontaneous and sexy experience that works just as well for couples as it does for individuals. It's innovative features include: A brilliantly simple squeezable interface: the harder you squeeze, the stronger the vibrations. It's that easy!
